PROFILE

Computer engineer with 2 years of experience. I have programming, software engineering and database knowledge, but I have turned my passion for web design and development into my specialty. I am dedicated to creating attractive and functional websites that help any type of business to prosper.

EMPLOYMENT HISTORY

Professor at Universidad Central "Marta Abreu" de Las Villas

SEPT 2020 - -

I hold the position of instructor professor and have taught programming subjects such as Python and R. At the same time I have been linked to institutional and personal development projects, mainly focused on the development of web applications and APIs.

EDUCATION

Computer Engineer, Universidad Central "Marta Abreu" de Las Villas, Santa Clara

SEPT 2015 - JUL 2020

I studied computer engineering where I obtained general knowledge of programming, database and software engineering. I got the grade of 5 (on a scale of 3 to 5) in my diploma work and I was the second place in the graduation ranking of my class.
